

DRY TIMES

VOL. 110

OCTOBER 2010

No. 10

President: Rosalie Gorchoff
(310) 822-1783

Editor: Nels Christianson
(310) 396-1231
nchristianson@mednet.ucla.edu

October meeting
Tuesday, October 5, 2010
7:30 pm

Burton W. Chace County Park
13650 Mindanao Way, Marina del Rey

PROGRAM

Haworthia – Up Close and Personal
John Matthews

PLANT OF THE MONTH

CACTUS:
Crested cacti

SUCCULENT:
Variegated succulents

This month Sunset member John Matthews will present a program on his favorite genus of succulent. John writes: “I will start with a very brief summary of Haworthia history and some of the important people involved with the genus. I will then discuss the individual plants (1-2 flats total) and pass them around. Questions about culture and care invariably arise during the talk. This is strictly hands-on, no slides or computer presentation.

“I have collected Haworthias off and on for 35 years. I started collecting Haworthias in the early 1970's and was a member of the Sunset Succulent Society for 5 or 6 years. I dropped out of the hobby when I moved to a condominium and had to get rid of all my plants. In 2002 I rediscovered the Sunset Club and my fascination with these succulents. I rejoined the Sunset club, then the Los Angeles club, the San Gabriel Club, and the Long Beach club where I am the newsletter editor. I also volunteer at The Huntington Gardens where I mostly take care of the Haworthias.

“I am not trained in any botanical field nor have I ever been to South Africa. I just got addicted to succulents and cacti and the plants just kept growing. I love to propagate plants and have had to rent some growing grounds when my wife said to make room for some **people** in the back yard.”

John is retired from UCLA Medical Center where he was a computer systems expert. He recently traveled in Tanzania and Zambia with other Southern Californians.

**** If your last name begins with letter S-Z, please bring goodies to munch on at the break. Thank you!**

Last month Laurel Woodley gave a presentation that highlighted the cactus and succulent sales and shows of 2010 in Southern California. Her pictures were beautiful and her comments on the attributes of each show, on growing seasons, on pots, on staging, and on the plants themselves were entertaining and educational.

UPCOMING EVENTS

November 6-7, San Gabriel Valley Cactus and Succulent Society Show and Sale, LA County Arboretum, 301 N. Baldwin Ave., Arcadia, CA

September 2010 Plant of the Month Winners

Senior Cactus

1 st Place	Brian Gold	Frailea friedrichii
-----------------------	------------	---------------------

Junior Succulent

1 st Place	Jairo Ramirez	Pachypodium namaquanum
2 nd Place	Jairo Ramirez	Pachypodium densiflorum v. brevicalyx
	John Luhnnow	Pachypodium gracilis
3 rd Place	Robert Trichter	Pachypodium namaquanum

Senior Succulent

1 st Place	Jim Hanna	Pachypodium brevicaule
2 nd Place	Jim Hanna	Pachypodium succulentum
	Jim Hanna	Adenium arabicum
3 rd Place	Brian Gold	Pachypodium rosulatum v. stenanthum
	Brian Gold	Pachypodium namaquanum

The September POM judges were Lemono Lott and Stan Kamin accompanied by Laurel Woodley.

Remaining Plant of the Month for 2010

	CACTUS	SUCCULENT
November	Turbinocarpus	Conophytum, Lithops, Faucaria

WEBSITES OF INTEREST

Members might want to check out Kelly Griffin’s websites XericWorld.com and Xericgrowers.com which have a lot of information on all sorts succulent plants. Those of you who enjoy terrestrial bromeliads should take a look at <http://dyckiabrazil.blogspot.com> which is maintained by retired dentist Constantino Gastaldi of Joinville, Santa Catarina, Brazil. He also maintains Dyckia Central, the Dyckia Brazil forum at <http://dyckiabrazil.com>. Constantino reported in a recent forum post that bromeliad specialists in the state of Mato Grosso have in the last year encountered what seem to be more than three dozen new species of Dyckia; not so remarkable given that Mato Grosso is as large as Texas. For those who like hybrids imagine the future possibilities. Bill Baker used only a handful of species and was able to achieve spectacular hybrids.

About DRY TIMES

DRY TIMES is published monthly by the *Sunset Succulent Society (SSS)*, whose officers are:

President	Rosalie Gorchoff	(310) 822-1783	Vice Pres.	Brigitte Williams	(818) 352-4531
Secretary	Peggy Oberg	(310) 645-7946	Treasurer	Brigitte Williams	
		2nd Vice Pres., Plant of the Month		Laurel Woodley	

Material for publication in the newsletter must be in the Editors' hands by the 1st day of the publication month (e.g., by Aug. 1 for the next issue). Articles and letters may be edited for space and clarity. Editorial comment and signed articles are the opinions of the Editor or author(s) and do not necessarily represent the views of the Board of Directors of the Society, an affiliate of the Cactus and Succulent Society of America, Inc. Unless expressly denied in a note with the article, all material in the newsletter may be reprinted by non-profit organizations, provided that proper credit is given to the SSS and the author, and that one copy of the publication containing the reprinted material be sent to the Editors. Reproduction in whole or in part by any other organization or publication without the permission of the SSS is prohibited.
